PREFACE.

THE Publisher of the BALTIMORE CITY DIRECTORY presents this volume of the series, more enlarged than any of its predecessors, and having all the claim to accuracy, (and hence to approval,) which is founded on unwearied industry in exploration, long experience, and an earnest desire on his part to render the work, what its name imports, a reliable source of information as to the places of abode and of business and the occupation of all the permanent residents of our city.

Mindful of the encouragement hitherto—since his first publication of the Baltimore Directory—received by him from his fellow-citizens, he has sought most sedulously to render this issue worthy of their continued patronage.

As additions to our local population arise, the compilation and publication of such a work, necessarily increased accordingly in bulk, involve greater outlay of labor, time and capital.

The Advertising department will be found highly useful to our community and to visitors of our city; and experience of the result to advertisers in past years, justifies the assertion that this medium of facility to all will be found satisfactorily remunerative to the parties thus advertising.

The necessity of continuous issue of the series from year to year, arising from the changes of former and creation of new places of abode or business, is apparent; and it is only by regular adoption by the public of the volumes as issued that the advantage designed to be extended to them can be secured fully. A failure on the part of subscribers to take regularly the duly published work, exhibiting the changes referred to, as well as the increase accrued, operates not only to the disadvantage but to the discouragement of the Publisher. The appositeness of this remark is shown by the fact that on each new issue it is found that at least two-thirds of the localities or names to be indicated have been changed in the interval.

When even a limited number of subscribers decline taking a new issue, hoping to scramble on upon its predecessor, they not only exclude themselves from a reliable source of information, the occasion for using which is of daily, almost hourly, recurrence, but their declension actually extinguishes the reasonable profit that should enure to the Publisher, by whose enterprise, unusually arduous labor and capital, the regular production of the work is accomplished.

Gratefully acknowledging as well past patronage as the courtesy uniformly evinced by every class of Baltimoreans to our canvassers in their arduous work of preparation, and tendering to all our congratulations because of the continuously rapid progress and obvious prosperity of our city,

I am the public's obedient servant,

THE PUBLISHER.

NOVEMBER, 1868.

RICHARD VIESEHON'S
CELEBRATED
Patent Axle Grease.

This Grease, for Omnibuses, Stages, Wagons, Drays, &c., is found to be superior to any hitherto discovered. It combines all the blandness of Oil with the free greasy nature of Tallow, keeps the Axles always cool and clean, and remains on them, without requiring fresh application, double the time of any other Grease known. The great economy and advantage arising from its use will at once be observed, as a single trial is sufficient to exhibit to the customer a saving of at least 75 per cent.

Factory 406 and 408 Harford-av.

HATCH'S BLACKING!

The SUPERIORITY of which has been maintained for more than a quarter of a century, under VANDEVENTER'S name, and is truly a

Standard Article of the United States,

Eleven Premiums having been awarded by the Great American Institute, among them
TWO SILVER MEDALS.

—o—

HATCH'S BLACKING

Preserves the Leather
From the effects of cold, wet weather,
Keeping the Boots soft and pliable,
Which makes it very desirable.

HATCH'S BLACKING.

Makes Boots smooth and fine,
And like the diamond shine,
Insuring them free from cracks,
As from oil it never lacks.

HATCH'S BLACKING

Is warranted to retain
Its virtues ever the same,
In any atmosphere
On any hemisphere.

HATCH'S BLACKING

Shines for all, and the rest of mankind,
It makes them all polite and very refined;
The genial influence it brings around
Is greater than man has ever found:
Bright and sparkling like the sun, a mirror for the face
No admiration half so great—it graces every place.

—o—

C. B. HATCH'S

EXCELSIOR OIL PASTE BLACKING

This Company is divided into ten classes for men and ten class
new classes will be adopted. Men and women are not allowed in the sa
equal.

SERIES I.

CLASSES.

In class A all persons between the ages of	15	and	20	years.		In class F all persons between the ages of	40	and	45	years.
" B	"	"	20	"	25	"		" G	"	"	45	"	50	"
" C	"	"	25	"	30	"		" H	"	"	50	"	55	"
" D	"	"	30	"	35	"		" I	"	"	55	"	60	"
" E	"	"	35	"	40	"		" K	"	"	60	"	65	"

The classes for women are the same as above. Any one that is found to give his or her age wrong will be expelled, and the moneys paid forfeited to the Association. Each class is limited to 5,000 members. Each person pays six dollars upon becoming a member, and one dollar and ten cents each time a member dies *belonging to the same class he or she may be a member of.*

A member of one class cannot be assessed this dollar if a member of another class dies. Each class is INDEPENDENT, *having no connection with any other.*

ILLUSTRATION.

Class "A" has 5,000 male members. A man dies. The Association pays over within forty days $5,000 to the widow or heirs, and the remaining members forward one dollar and ten cents each to the Association to reimburse it. Failing to send this sum, they forfeit to the Association all moneys paid, and the association supplies a new member to fill the place of the retiring one.

ADVANTAGES.

The advantages of this Association over ordinary Life Insurance Companies are, no panics can break it: the fees are so small and required to be paid at such long intervals, that any man can secure to his family a competency upon his death.

HOW TO BECOME MEMBERS.

Any one desiring to become a member must send Six Dollars, in Check, Bank Draft, Postal Order, or by Express, the expressage being paid by the applicant. *Under no circumstance will the Association be responsible for moneys sent but in this way.* Agents are not allowed to receive moneys, but must ask for checks, &c., &c., &c. Persons paying an agent otherwise than by check, do it at their own risk. All checks &c., must be made payable to the order of W. S. CARMAN, Treasurer. Accompanying the money must be a paper giving the applicant's full name—Age—Birth-place—Present Occupation—Who the Policy is in favor of—Post-Office address—Town, County, State. *Also a Medical Certificate*, setting forth the physical condition, and whether, in opinion of the Doctor examining, the applicant is a proper person to be insured. Blank forms of application for membership will be sent upon application.

IN THE

CITY OF BALTIMORE.

EXPLANATION.—If you wish to find the location of any house, for instance, 71 N. CHARLES-ST., on consulting the Street Directory, see CHARLES, (N.) you will observe 55 is on the N. E corner of Charles and Saratoga-sts., hence the desired No. 71 will be between Saratoga and Pleasant-sts., right hand. Or, if you are going up Charles-st, and wish to take a cross street so as to call, for example, at 103 Park-st., examine the numbers on the corner of Park-st., (see PARK, Street Directory,) and you will find 95 on the corner of Park and Centre, then by counting four houses you arrive at the desired No. 103, right hand.
